

PREFACE

The 2001 edition of the Standard Drawings supersedes the 1994/95 Works Department publication. The standard drawings depict default construction layouts and details of infrastructure assets that are acceptable to Brisbane City Council.

The relevant Brisbane City Council's standard drawings must be incorporated into tender and contract documents for the following works either by reference alone (quoting the revision version) or by physical insertion:

- * Work for Brisbane City Council, or
- * Work in a development to be donated to Brisbane City Council.

The standard drawings are categorised into series and sub-series, which contains a number of discrete drawings. The designated identification system:

- * Provides logical itemised work groupings,
- * Provides unique reference number for each drawing, and
- * Provides flexibility to add or remove drawings.

In the event of conflict between the requirements of the standard drawing and the reference specification, the reference specification gives precedence to the standard drawing. The Reference Specifications for Civil Engineering Work define default provisions acceptable to Brisbane City Council for the typical situations and designs.

DISCLAIMER

This publication has been created for use in the construction of:

- * Work for Brisbane City Council, or
- * Work in a development to be donated to Brisbane City Council.

Brisbane City Council does not guarantee nor make any representations to the completeness of the information contained herein nor accept any responsibility for any loss or damage occurring as a result of the use of any part of the publication.

ACKNOWLEDGEMENTS

Brisbane City Council would like to acknowledge the considerable inputs from engineering staff in the development of this document.

Committee – Roads, Drainage and Structural Drawings

Bruce Hansen	Infrastructure Management, Urban Management
Inga Condric	Infrastructure Management, Urban Management
Michael Steer	Infrastructure Management, Urban Management
Allan Sherlock	Development & Regulatory Services, Customer & Community Services
Rob Knottenbeld	Urban Amenity, Transport & Traffic, Urban Management
Darren Leeson	Infrastructure Management, Urban Management
Neil Polwarth	Transport Infrastructure, Transport & Traffic, Urban Management
Dan Maher	Road & Traffic Design, City Design, City Business
Yvonne Douglas	Technical Services, Construction, Brisbane City Works

Committee – Traffic Signals Drawings

Tina Rawkins	Travel Demand Management, Transport & Traffic, Urban Management
Ray Wilson	Travel Demand Management, Transport & Traffic, Urban Management
David Jones	Travel Demand Management, Transport & Traffic, Urban Management
David Crews	Road & Traffic Design, City Design, City Business
Dan Maher	Road & Traffic Design, City Design, City Business
Paul Pryke	Signs, Lines & Signals, Brisbane City Works
